## Political Action Committee

# 2022 PAC Report

### A Letter from Our Chair Jim Kleingers

Thank you to all the ACEC Ohio member firms that have consistently supported our PAC program over the years and especially in 2022. 227 individuals in our member firms contributed to our success this year and we exceeded our National goal for the seventh year in a row. There truly is strength in numbers and I appreciate all of you!

Our PAC is a key component of our advocacy efforts for the business of engineering consulting. The National and Ohio PACs work closely with legislators to make them aware of our industry concerns and to alert them to legislative provisions that would positively or negatively impact our businesses.

Your ACEC Ohio PAC Trustees annually meet with Ohio House and Senate leadership where we hear their legislative priorities and discuss our specific industry concerns. These meetings also strengthen personal relationships that are often helpful as we deal with various legislative initiatives going forward.

I am honored to serve you as Chair of your ACEC Ohio PAC Board of Trustees. I appreciate the support and efforts of the other Trustees, the staff, and our member firms. I look forward to continuing to grow our influence through the PAC in 2023.

Thank you!  
Jim Kleingers, PE, PS  
2022 ACEC Ohio PAC Chair

Governor Dewine Signs Senate Bill 56 which would regulate the use of indemnity provisions in contracts related to public improvements.

PAC Kickoff Event at COSI

Representative Mark Frazier

Congressman Mike Carey
