

Congratulations to ACEC Ohio's Scholarship Recipients

ACEC Ohio is dedicated to strengthening and supporting the business success of our member firms. Each year we continue to invest in the future by awarding **\$2,500** scholarships to promising students!

To qualify for a scholarship, an applicant must be a full or part-time student (junior, senior, or graduate student status) pursuing an engineering or surveying degree and enrolled in an ABET-accredited engineering or surveying program.

This year, we received **34** scholarship applications!

We are thrilled to announce the 2025 ACEC Ohio Scholarship Recipients:

Ryan Emch, Youngstown State University - Civil Engineering

Cannon Moser, University of Toledo - Civil Engineering

Rachel Ballentine, Wright State University - Mechanical Engineering

Megan Bhanoo, Ohio State University studying - Environmental Engineering

ACEC Ohio offered a \$1,500 scholarship for students enrolled in the Construction Inspection Workforce Program (CIWP). In collaboration with ODOT, this program is a pipeline for the development of the next generation of construction inspectors.

We are thrilled to announce the 2025 ACEC Ohio CIWP Scholarship Recipient:

Tamara Brown, Columbus State Community College, Construction Management

Congratulations, again!
